Chapter 1 by Story Wars

The Armies.... They created them to find out who would be good enough to fight in the Turquoise Navy, at least that was the idea. Now they use the Armies as entertainment throughout Turquoise City. Here are the known Armies-

Thunder Army

Poison Army

Blood Army

Fire Army

Earth Army

Water Army

Now, each Army has a special sword that glows by the main color of the Army. Before being assigned to an Army, we have to try out. When we turn eighteen, we get selected to an Army. It is currently 11:59 pm.... I'm slowly drifting off....

"KYRIN CENTRIX, WAKE UP, THE SELECTION IS TODAY!" I burst out of bed and dash to my dresser, trying to find something suitable for this day... I can't seem to find any nice clothes...

Sweatshirt and jeans will have to do. I run up to the podium where they announce the the new Army members

The names weren't even done being announced when out of nowhere... everything burned. That was the day everything changed, that was the day the Fire Nation attacked.

They blasted in with their flaming bows and their solid armor... I ran to the Arena weapon storage room, I found a electrified baton with spikes at the end. I touched the electric end with my finger and got a quick jolt. I set the voltage level to 3,000. Not killing level but it will still make someone pass out. I run out of the weapons room and see blazing buildings, hundreds of bodies lying on the ground, lifeless. I quickly dash up to one of their warriors and stab him in the back. I hear a little grunt, and he falls silently to the ground. A pool of blood circles around his body, and I continue to battle.

My room had one, tiny window, about the size of those old IPads, where gray light streamed in, lighting up dust particles that were floating around, undisturbed. The walls and floor were made of cold-looking stone. In the corner was a small table holding a cup of water and stale bread. My

Chapter 6 by Alex

"Where am I?" I quickly said in fear. "Don't be scared." He said calmly. "You are with the secret army." "We are here to fight the leaders of Turquoise City." "They are the ones who started this war, and they are the reasons thousands of men are dying!" I told him to calm down, but he continued yelling. He got so mad that he vigorously punched me in the face. All I remember is slowly falling to the ground. Then by body slammed violently on the cold floor.
